

## **U.S. CONGRESSWOMAN LISA BLUNT ROCHESTER**

### **COVID-19 INFORMATION RESOURCE GUIDE**

**(Updated on 5/1/2020)**

Dear Friend,

I have heard from many of you about the concerns you have regarding the spread of the COVID-19 virus. We know the spread of the virus has increased both around the world and here in the United States. In these difficult times, it is critical that everyone—federal and state officials, organizations, and communities—work together to get through it.

My priority is ensuring the well-being of Delawareans and the American people. As we continue to work in Congress to provide the appropriate resources to our state and local partners to fight the virus, I also want to provide my constituents with the resources they need to help stop the spread.

My office is following the guidance of the CDC and the stay-at-home order from Governor Carney and working remotely. However, I can assure you that we are still fully available to help during this time. You can reach us by phone at 202-225-4165 or 302-830-2330, or go to [bluntrochester.house.gov/contact](https://bluntrochester.house.gov/contact). When leaving a voicemail, please be sure to leave your first and last name, phone number, and email address. Please continue to watch my social media channels for more information.

I will continue to provide regular updates on the COVID-19 response, but for the latest information, visit [CDC.gov/coronavirus](https://www.cdc.gov/coronavirus) or [www.cdc.gov/coronavirus/2019-ncov/index-sp](https://www.cdc.gov/coronavirus/2019-ncov/index-sp) for Spanish. You can also visit [de.gov/coronavirus](https://de.gov/coronavirus), or call the Delaware Department of Health by dialing Delaware 2-1-1 (1-800-560-3372), 7-1-1 for individuals who are deaf or hard of hearing, or text your ZIP code to 898-211 with social service or health questions.

In addition, the Division of Public Health asks any Delaware health care, long-term care, residential, or other high-risk facility with questions or concerns to email: [DPH\\_PAC@delaware.gov](mailto:DPH_PAC@delaware.gov) or call the DPH Call Center at 1-866-408-1899 and press ext. 2.

Below, I have compiled some practical, and I hope useful, resources for Delawareans. My goal is to help you stay up to date with the latest information and provide you with resources that can help answer questions you may have.

May you stay healthy and safe.

## **Prevention**

We all have a responsibility to prevent COVID-19 from spreading as much as we can. Upon recommendations from the Centers for Disease Control and Prevention (CDC) and the Delaware Department of Health and Social Services (DHSS), Delawareans should take the commonsense measures listed below to protect themselves and their families:

- Wash your hands often with soap and water for at least 20 seconds.
- According to the CDC, you should cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Do not touch your face.
- Disinfect frequently used objects and surfaces using a regular household cleaning spray or wipe.
- Rely on trusted sources like the Delaware Division of Public Health, DHSS, and the CDC.
- Individuals who believe they have been exposed to COVID-19 should contact their health care provider. If you or a loved one is sick, please call your health care provider, or DHSS at 2-1-1 if you do not have a health care provider, prior to going to the doctor's office, emergency room, or urgent care center.
- Practice social distancing, maintaining six feet of distance from other people, if it is necessary to leave your home.
- The State of Delaware is now [requiring](#) wearing a face mask in public places. It is important to remember that wearing a cloth face mask is not a replacement for social distancing. You can read more about the new guidance [here](#).

Governor John Carney has issued a [stay-at-home order](#), effective from March 24<sup>th</sup> to May 15<sup>th</sup> or when the public health threat is eliminated. In the previous link, you will also find a list of essential and non-essential businesses to determine if you should still be going to work. If your place of work has been determined non-essential, please stay at home. You can still go out for essential activities, such as grocery shopping, picking up prescriptions, or delivering essential supplies to elderly or disabled family members and friends, but please do so sparingly and only when necessary. It is also permitted to engage in outdoor activity as long as social distancing guidelines are maintained.

To learn more about what you can do to prevent the spread of COVID-19, please visit [coronavirus.delaware.gov/what-delawareans-can-do](https://coronavirus.delaware.gov/what-delawareans-can-do).

## **Medical Care**

If you or a loved one is sick, please call your health care provider or DHSS at 2-1-1, if you do not have a health care provider, prior to going to a doctor's office, emergency room, or urgent care center.

From the information we have to date, COVID-19 have a wide range of symptoms, some similar to the common cold, such as a cough, fever, or shortness of breath. Other symptoms may also include body aches, fatigue, chills, headache, and loss of sense of taste or smell. The CDC guidance on symptoms can be found [here](#). If you develop emergency warning signs—they include **difficulty breathing or shortness of breath, persistent pain or pressure in the chest, new confusion, inability to arouse and bluish lips or face**—call 9-1-1 immediately.

Guidance issued by the CDC states that people are thought to be most contagious when they are most symptomatic (the sickest). Spread is possible before people show symptoms, however. According to the CDC's guidance, the virus that causes COVID-19 is spreading from person-to-person through respiratory droplets produced when an infected person coughs or sneezes.

### **Testing**

[Delaware Health and Social Services \(DHSS\) guidance](#) maintains that symptomatic individuals who want or need a COVID-19 test and who have access to a health care provider will need to be evaluated by their provider. Teleconsultation is preferred unless the provider determines in-person consultation is needed. If COVID-19 symptoms are present, the patient can be referred to a standing health facility test site. Importantly, testing is NOT recommended for those who do not have symptoms. If you're having trouble breathing/having an emergency, call 911 or go to the emergency room. Otherwise, health officials are not recommending going to the emergency room for coronavirus-like symptoms. You can view frequently asked questions on testing in Delaware compiled by DHSS [here](#).

Individuals who do not have access to a health care provider can call the DPH Call Center at 1-866-408-1899 or if you have a hearing impairment, dial 7-1-1, or call centers run by Christiana Care or Bayhealth, and medical personnel will determine if the caller meets criteria for testing. Medical personnel will provide the appropriate documentation that will give the caller access to testing at a standing health facility test site.

Beginning Monday, March 23, Delaware health systems began operating standing health facility test sites, where health care staff will test individuals who have been evaluated by a medical provider and have symptoms consistent with COVID-19. A physician order or prescription is required.

#### Locations of Standing Health Facility Test Sites:

- New Castle County: Christiana Care is operating two testing sites, one in Newark, one in Wilmington; Saint Francis Healthcare is operating one site in Wilmington. Nemours/Alfred I. DuPont Hospital for Children is operating an additional site in Wilmington.
- Kent County: Bayhealth is operating one testing site in Dover.

- Sussex County: Beebe Healthcare is operating two testing sites, one in Millsboro and one in Frankford; Nanticoke is operating one testing site in Seaford.

### **Assistance for Workers**

In Congress, my colleagues and I have passed, and the President has signed into law, three bills to assist Americans dealing with the economic consequences of COVID-19.

- *Unemployment Benefits*: The State of Delaware has expanded the eligibility for Unemployment Benefits, in addition to removing the waiting week to receive benefits. Delawareans can apply for Unemployment Insurance Benefits [here](#) and find an [FAQ](#) sheet from the Delaware Department of Labor.
- *Food Assistance*: Delaware's [Department of Health and Social Services](#) can help those without the resources to purchase food. Click [here](#) to view locations for school children to receive free meals they would have received organizations have committed to helping Delawareans maintain access to food during this time. at school. Additionally, a number of non-profit Delaware Supplemental Nutrition Assistance Program (SNAP) began issuing emergency funds on April 1<sup>st</sup>, you can click [here](#) to learn more. For more information on food assistance and the COVID-19 relief packages, please click [here](#).
- *Mortgages and Evictions*: I signed onto a letter calling for a moratorium on all evictions and foreclosures on federally backed mortgages, which has since been adopted by President Trump's administration. You can read about this [here](#). In Delaware, Governor Carney has suspended all residential foreclosures and evictions. Click [here](#) to read the order. Governor Carney also created a new program to provide emergency housing assistance to renters affected by COVID-19. Learn more [here](#).
- *Paid Sick Leave*: The [Families First Coronavirus Response Act](#) creates emergency paid sick leave, as well as paid family leave in the case of school closures, for working families impacted by COVID-19. The bill requires employers with up to 500 employees to provide paid sick leave and paid family leave, while providing a refundable payroll tax credit to employers to cover 100 percent of the cost of wages. There is also a refundable income tax credit for self-employed individuals. Businesses with fewer than 50 employees can apply for an exemption from the US Department of Labor if providing these benefits would jeopardize the viability of the business. For more information, please visit [www.dol.gov/newsroom/releases/osec/osec20200320](http://www.dol.gov/newsroom/releases/osec/osec20200320). For an FAQ on Emergency Paid Sick Leave under the Families First Coronavirus Response Act and the CARES Act, please click [here](#).
- *Assistance for Non-Profits*: For loans available to non-profits, please click [here](#). Non-profits are eligible for the Paycheck Protection Program. Go [here](#) for more information.
- *Assistance for Immigrants*: Click [here](#) for a guide to the CARES Act for immigrants (click [here](#) for Spanish).

We will continue to work on legislation that addresses the ever-evolving health and economic repercussions of this virus.

## **Assistance for Small Businesses**

During this uncertain time, small businesses are some of the most impacted economically. Below are resources specifically for small businesses. We will continue to address the economic impact of COVID-19 on small businesses. Governor Carney has ordered all non-essential businesses to close. For questions on the non-essential business closure in Delaware, contact the Division of Small Business at [COVID19FAQ@delaware.gov](mailto:COVID19FAQ@delaware.gov), or call 302-577-8477 between 9:00am to 4:00pm during the week. For more information, please visit [coronavirus.delaware.gov/resources-for-businesses/](https://coronavirus.delaware.gov/resources-for-businesses/).

- The Small Business Administration (SBA) has published an [FAQ](#), and loan resources and guidance specifically for COVID-19 [here](#). Delaware's SBA district office can be contacted at 302-573-6294, or visit their website at [www.sba.gov/offices/district/de/wilmington](http://www.sba.gov/offices/district/de/wilmington).
- Apply [here](#) for a disaster loan from the Small Business Administration. Click [here](#) for a PDF of the application.
- A guide to the CARES Act for small business owners can be found [here](#). A flow chart for utilizing the assistance established by the CARES Act can be found [here](#). A loan comparison chart created by the Delaware Division of Small Businesses can be found [here](#).
- The CARES Act created loans through a new SBA 7(a) Paycheck Protection Program (PPP) can be forgiven when used for payroll costs (including paid leave, health care, and other costs) to retain workers, and other expenses such as rent, mortgage interest, and utilities. Independent contractors, sole-proprietors, and other self-employed persons are eligible for these loans. The applications opened in April. Following additional money for the program in the Paycheck Protection Program and Health Care Enhancement Act, H.R. 266, the second round of applications opened on April 27th. Download an application [here](#). Click [here](#) for more info.
- The U.S. Chamber of Commerce has prepared a small business owner's guide to the Paycheck Protection Program (PPP), click [here](#) to read more.
- Click [here](#) to visit my Small Business Resource page for further information.

## **Economic Impact Payments**

The [\*Coronavirus Aid, Relief, and Economic Security \(CARES\) Act\*](#) created direct payments for the American people as they deal with the economic consequences of COVID-19. An FAQ on these rebates is available [here](#) (click [here](#) for Spanish). For an IRS fact sheet on the payments, please click [here](#).

- The United States Treasury and the IRS [announced](#) that Social Security beneficiaries who typically do not file a tax return **will not** be required to file one to receive their economic impact payment. For more information from the IRS, please click [here](#).
- Individuals who typically do not file taxes, can go [here](#) for more information, including how to set up direct deposit for your economic impact payment.

- The IRS and Treasury recently launched a new tool to track your Economic Impact Payment. You can also set up direct deposit, if you don't have it already. Access the page here: [irs.gov/coronavirus/get-my-payment](https://irs.gov/coronavirus/get-my-payment).
- For an FAQ on the Economic Impact Payments, including information on the new 'Get My Payment' page, click [here](#).

## **Education and Childcare**

The State of Delaware guidance on childcare, schools, and universities can be found [here](#). On March 30<sup>th</sup>, Governor Carney issued an [order](#) limiting child care sites to facilities designated as "Emergency Child Care Sites" by the Department of Services for Children, Youth and Their Families (DSCYF).

Governor Carney has called for the closure of Delaware schools for the [remainder of the school year](#). The Delaware Department of Education has provided several resources to deal with the extended period of time students will not be attending school.

- *Child Nutrition Sites*: Click [here](#) to view locations for school children to receive free meals they would have received at school. For Spanish, click [here](#). For Haitian Creole, click [here](#).
- *Free Learning Activities*: Free learning activities for students can be accessed [here](#).

## **Taxes**

The federal tax filing deadline has been extended to July 15, 2020. While the date has been pushed back, if you expect to receive a refund, you are still encouraged to file as soon as possible to receive your tax return money. On March 25<sup>th</sup>, the IRS released their [People First Initiative](#), which will assist taxpayers by providing relief on a variety of issues ranging from easing payment guidelines to postponing compliance actions. For more federal tax information, please visit [irs.gov/coronavirus](https://irs.gov/coronavirus).

More resources:

- [FAQ](#) for Federal Filing and Payment Deadlines Questions and Answers
- [IRS Tips](#) for Taxpayers and Tax Pros

The Delaware Personal Income Tax Return filing deadline has also been [extended](#) until July 15, 2020. For more Delaware State tax information, please visit [revenue.delaware.gov/tax-season-and-covid-19](https://revenue.delaware.gov/tax-season-and-covid-19).

## **Social Security**

All Social Security Administration (SSA) field offices are closed to the public for in-person visits, but will remain open for phone and [online service](#). This may lead to delays in service, but

benefits will not be affected. While SSA offices are closed to the public, you can still call 1-800-772-1213 (TTY 1-800-325-0778).

Please go to [www.ssa.gov/coronavirus](http://www.ssa.gov/coronavirus) or [www.socialsecurity.gov/ask](http://www.socialsecurity.gov/ask) for more information.

## **Travel**

On March 29<sup>th</sup>, Governor Carney issued an order requiring all out-of-state travelers into Delaware to immediately self-quarantine for 14 days. The order can be read [here](#).

The CDC has issued guidance recommending you [stay home](#) as much as possible, especially if your trip is not essential, and [practice social distancing](#) especially if you are at [higher risk of severe illness](#). Don't travel if you are sick or travel with someone who is sick. You can read more about CDC travel guidelines [here](#).

For international travel, the Department of State advises U.S. citizens to avoid all international travel due to the global impact of COVID-19. In countries where commercial departure options remain available, U.S. citizens who live in the United States should arrange for immediate return to the United States, unless they are prepared to remain abroad until the public health threat has been eliminated. U.S. citizens who live abroad should avoid all international travel. Citizens should also sign up for the Smart Travelers Enrollment Program (STEP) to receive up to date information surrounding flights and repatriation. You can sign up at [step.state.gov](http://step.state.gov). To access the latest travel advisories from the State Department, go to the [State Department's Website](#).

## **Mental Health**

In what is an incredibly stressful time for many Americans, it is important to maintain and manage mental health. The CDC has published [guidelines](#) to help you ensure your mental health—as well as your physical health—is a priority.

## **Consumer Protection**

In Delaware, price gouging during a State of Emergency is [illegal](#). Please report any incidents of price gouging, scams, or fraud by filling out a [consumer complaint form](#), along with sending supporting documentation to [consumer.protection@delaware.gov](mailto:consumer.protection@delaware.gov). Please call the Department of Justice's Consumer Protection hotline, 1-800-220-5424, with any further questions. Click [here](#) to read more about what you can do to avoid scams.

## **Information on Delaware Correctional Facilities**

Delaware Department of Corrections is taking precautions to protect their staff, individuals in their custody, and officers. To learn more about the actions being taken by the Delaware Department of Corrections you can visit their website [here](#) or read their [frequently asked](#)

[questions document](#). To contact the Department directly with questions or if you need assistance, please email [doc\\_askdoc\\_mail@delaware.gov](mailto:doc_askdoc_mail@delaware.gov).

### **General Information**

It is important that we all stay informed about COVID-19. FEMA has compiled a list of COVID-19-related rumors [here](#).

In March, I held a telephone town hall with Dr. Karyl Rattay from the Delaware Division of Public Health. 16,000 Delawareans tuned in and we received over 300 questions. Because of the large response, I have compiled an FAQ from the questions we received. It is posted on my website and can be located [here](#).

### **Updates from State of Delaware**

- *April 25<sup>th</sup>*: Governor Carney Requires Delawareans to Wear Face Coverings in Public Settings, click [here](#) to learn more.
- *April 24<sup>th</sup>*: Delaware Schools Closed through Academic Year, click [here](#) to learn more.

- *March 26<sup>th</sup>*: Governor Carney and DSHA Announce Housing Assistance Program, click [here](#) to learn more.
- *March 26<sup>th</sup>*: Governor Carney Expands Hospitality Emergency Loan Program (H.E.L.P.), click [here](#) to learn more.
- *March 26<sup>th</sup>*: Public Health Announces First Coronavirus-Related Death of Delaware Resident, click [here](#) to learn more.
- *March 26<sup>th</sup>*: DHSS Announces First Long-Term Care Facility Coronavirus-Related Death; More Cases Confirmed in Newark Nursing Home, click [here](#) to learn more.
- *March 25<sup>th</sup>*: Governor Carney Announces Request for Assistance from Vendors, click [here](#) to learn more.
- *March 24<sup>th</sup>*: Governor Carney Moves Presidential Primary Date to June 2, click [here](#) to learn more.
- *March 23<sup>rd</sup>*: Delaware Extends Personal Income Tax Return Filing Deadline to July 15, 2020, click [here](#) to learn more.
- *March 23<sup>rd</sup>*: Governor Carney closes Delaware public schools until at least May 15<sup>th</sup>, click [here](#) to learn more.
- *March 23<sup>rd</sup>*: Governor Carney declares Public Health Emergency, click [here](#) to learn more.
- *March 23<sup>rd</sup>*: DNREC Campgrounds and Playgrounds to Close March 24, click [here](#) to learn more.
- *March 22<sup>nd</sup>*: Governor Carney Issues Stay-at-Home Order for Delawareans, click [here](#) to learn more.
- *March 21<sup>st</sup>*: Governor Carney Issues Third Update to State of Emergency, click [here](#) to learn more.
- *March 19<sup>th</sup>*: Governor Carney Signs Executive Order on Child Care, click [here](#) to learn more.
- *March 18<sup>th</sup>*: Legislative Session Postponed Until Further Notice Due to Coronavirus Pandemic, click [here](#) to learn more.

- *March 18<sup>th</sup>*: Governor Carney Issues Second Update to Emergency Declaration, click [here](#) to learn more.
- *March 17<sup>th</sup>*: The Delaware Department of Labor Expands Unemployment Benefits to Workers Affected by the COVID-19 Pandemic, click [here](#) to learn more.
- *March 16<sup>th</sup>*: Governor Carney Limits Restaurants to Take-Out and Delivery, click [here](#) to learn more.
- *March 14<sup>th</sup>*: Governor Carney Authorizes Public Bodies to Meet Electronically, click [here](#) to learn more.
- *March 12<sup>th</sup>*: Governor Carney Declares State of Emergency to Prepare for Spread of Coronavirus (COVID-19), click [here](#) to learn more.

# STOP THE SPREAD OF GERMS

Help prevent the spread of respiratory diseases like COVID-19.

Avoid close contact with people who are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Avoid touching your eyes, nose, and mouth.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick, except to get medical care.

Wash your hands often with soap and water for at least 20 seconds.

[cdc.gov/COVID19](https://cdc.gov/COVID19)

24X0514 March 10, 2020 1:55 PM

# DETENGA LA PROPAGACIÓN DE LOS MICROBIOS

Ayude a prevenir la propagación de enfermedades respiratorias como el COVID-19

Evite el contacto cercano con las personas enfermas.

Cúbrase la nariz y la boca con un pañuelo desechable al toser o estornudar y luego bótelo a la basura.

Evite tocarse los ojos, la nariz y la boca.

Limpie y desinfecte los objetos y las superficies que se tocan frecuentemente.

Quédese en casa si está enfermo, excepto para buscar atención médica.

Lávese las manos frecuentemente con agua y jabón por al menos 20 segundos.

[cdc.gov/COVID19-es](https://cdc.gov/COVID19-es)

314015-8

# 阻止细菌传播

帮助预防呼吸道病毒如 COVID-19 的传播。

避免与患病的人近距离接触。

咳嗽或打喷嚏时用纸巾遮住，  
然后将纸巾丢进  
垃圾桶。

避免触碰自己的眼睛、鼻子和嘴巴。

对频繁接触的物体和表面  
进行清洁和除菌。

生病时请留在家中，  
除非要接受诊疗护理。

经常用肥皂和水洗手，  
每次至少 20 秒钟。

详细信息请参见：[www.cdc.gov/COVID19-ch](http://www.cdc.gov/COVID19-ch)

# CORONAVIRUS (COVID-19)

DELAWARE HEALTH  
AND SOCIAL SERVICES  
Division of Public Health

## QUARANTINE vs ISOLATION?

SOURCES:

CENTERS FOR DISEASE CONTROL & PREVENTION

### QUARANTINE

Separates and restricts the movement of people who possibly have been exposed to coronavirus (COVID-19) to see if they become sick. People in self-quarantine do not have symptoms (asymptomatic).

Others living in the home, who are not under quarantine, can go to work, buy groceries, pick up prescriptions and monitor people being quarantined. They also will disinfect commonly used surfaces, do laundry and wash their hands frequently.

#### People under quarantine are asked to:

- Self-quarantine for 14 days, the presumed incubation period for the virus.
- Refrain from work, shopping, eating out, worship and other outside activities.
- Have no visitors and keep 3-6 feet away from family members.
- Monitor their health and call their doctor if they develop symptoms.
- Remain at home unless they need a doctor or emergency services. And then call ahead to alert the health care provider.

### ISOLATION

Separates people who are ill with COVID-19 from people who are not sick. People in self-isolation are a danger to their family and visitors. Their health must be monitored carefully in case it deteriorates.

#### People in isolation MUST:

- Stay in a separate room from other people in their home.
- Use a separate bathroom.
- Have no visitors and keep 3-6 feet away from family members.
- Cough or sneeze into a tissue and dispose of the tissue in a lined trash can. Then, immediately wash their hands with soap and water for at least 20 seconds.
- Wash their hands frequently, even if they haven't coughed or sneezed.
- Avoid touching their eyes, nose and mouth with unwashed hands.
- Not share dishes, cups utensils, towels or bedding with anyone; wash these items after they are used.
- Disinfect commonly used surfaces such as countertops, desktops, phones, keyboards, TV remotes and more.
- Not take the bus, a ride-sharing service or taxi.
- Wear a face mask if they must be around people at home, or in a car on their way to a medical appointment (after calling ahead). If they don't have a face mask, use a scarf or other garment.

### Questions?

For information contact us at 1-866-408-1899 or email [dphcall@delaware.gov](mailto:dphcall@delaware.gov).

People with a hearing impairment can call 7-1-1

[de.gov/coronavirus](https://de.gov/coronavirus)

Created 3/16/2020

# STOP

## DO NOT ENTER

If you have fever, shortness of breath, cough, sneeze, nasal congestion, runny nose, sore throat, nausea, vomiting and/or diarrhea or if you have been in contact with anyone with these symptoms.

## DO NOT VISIT

Infections like flu and novel coronavirus (COVID-19) are especially dangerous to the residents.
